European Contest „Non Violent Week in Schools in October 2001“

Ladies and gentlemen,
dear students,

the association „Responsibility instead of Violence“ (Verantwortung statt Gewalt), UNICEF and the local school-department support – in co-operation with „NIMMIT-furniture-market“ – the initiative of the European Commission of a „Non-Violent-Week in Schools“ in October 2001. We decided to do so because of our autumn-holidays, which will end at October 12 th. The projects are supposed to take place in October 2001. Schools, parents and teachers are invited to take part in the contest. The „Non-Violent-Week“ may promote **non-violent-thinking and doing in schools.**

The contest-description is added.

I will be pleased if you decided to support the contest by distributing the added poster and the contest-description to your staff, the parents‘ and the students‘ council.

Kind regards

Hartmut Schrewe
Director of the school-department
